## FROM THE PASTOR...

### Greetings In Jesus Name!

I pray that this correspondence finds you well and strong in faith.

We are experiencing Spring like weather here in Yosemite and while it is beautiful we do need some Winter weather and would ask that you would please be in prayer in that regard.

Have you considered how important and how powerful worship is? It is not only important for spiritual health, but it literally brings the power of God to bear on the circumstances we face here on earth. This is revealed in several places in the scriptures. I would like to highlight three.

As the children of Israel entered into the land of Canaan, their first great victory came about as they brought down the walls of Jericho through seven days of public worship. (Joshua 6)

When Jehoshaphat, King of Jerusalem, was confronted with the fact that, "a great multitude is coming against you from beyond the sea from Syria". He then consulted God who commanded him to send out, "those who should sing to the Lord, and who should praise the beauty of holiness, as they went out before the army". The enemy was defeated and a great victory won.

When Paul and Silas were imprisoned at Phillipi in the worst part of the prison "At midnight Paul and Silas were praying and singing hymns to God, and the prisoners were listening to them. A great earthquake freed them resulting in the salvation of the jailor and his family". (Acts 16).

What is my point? Worship is powerful. We need Worship. Our communities need Worship. Worship is a part of the solution. To quote a public service announcement from a well known television network during the late fifties. "This weekend be sure to attend the church or synagogue of your choice. The family that prays together stays together." (Hebrews 10:24, 25)

Yours in Christ,
